“ Papa you are the strongest person i'll ever know. You are my hero and I hope I can turn out half as good as you did. I love you with all my heart. Thanks for making my wish come true. You pushed on for a few more years so you could see my baby and love him like i do. Levi will always be a great person because he is connected with you. I'm so happy that you are out of all that terrible pain, but I'm so very sad that my papas gone. Please forgive me for being selfish, I'm only sad cause my heart loves you too much. Thank you for everything you have done for me, Trae and Levi. We will love you and think of you everyday till the end of time. You are my sunshine everyday. I will take care of grandma forever. She will be safe with me and Levi. Please stay close to me, trae and Levi we needs you in our hearts. Remember to watch how my babies grow, and never forget that Levi always be 'Papa's Buddy' Loves & Kisses!!
