# Tribute Wall

BH

“ *Jan and family, our hearts go out to you at this time. Tom has been a long time friend and will be missed. We remember all the times in Fallbrook when we would go out to the park and cook out. We raised our boys together and just had a great friendship back then. We saw you less after California but have stayed in touch through Christmas cards and reunions. Friends are important at this time and remember we are here for you. Sorry we can't be with you right now. You will be in our thoughts and prayers always. Roberta and Bill*
