“ A great man with a wise insight of the world. Always down to earth, Norman Jr. Left many followers and believers here on earth. Many of his loved ones who looked up to him, are missing him and thinking of him every day, this I can say for us all because He enters my thoughts at least once a day so I know he does the same to all of his family. A hard working man, Norman provided for his family in many ways, such as being an example of a responsible and dependable contribution to society, and also proving that balance is necessary for happiness in life. Many treasured memories began with Norman Jr. And his wife, my mother and step father, just letting loose and living free. Forever in our hearts, We will be ready for a new adventure when we meet you in heaven! R.I.P. Norman Gardiner Jr.
