“ I will miss Page, there's an emptiness here on earth because she's no longer with us. She was a bright shining star that burned out too soon. I pray her family will cherish all those memories that she has etched on their hearts for many years to come.

“ We became friends in 1987, sharing ice cream after lunch in Jr. High. You were a part of our trio (you, Audrey, and I). Even though we ended up living miles apart you were always close in my thoughts and my heart. I will miss you so much because you became more than a friend but a part of me.

That is how I will remember her.( And of course, our laughs when Maya had to sit by David during church -we had a little crush going on :- ) Our thoughts are always with you.*

“ For our sister who left to soon, though we're grieving we know Heaven is rejoicing in the Upper room. You hiked many mountains and ran the earthly race, but God called you home to your final resting place. We'll keep you're memory alive until it is our time, until we meet again see you later because its not goodbye.
