“ We will miss you Uncle Ray. We will always remember all the fun times we had with you and I know you are with my dad, your little brother in heaven and the two of you will watch over us and keep us all safe. Aunt Deanna- please know that you are in my thoughts and prayers and I hope you will keep in touch with us. I know my dad was waiting for Uncle Ray in heaven when he got there and they are having a few good laughs together now. They are both free of pain now and in a much better place. I truly believe that. we will all be reunited when our time here on earth is done. We love you!
